

Effective immediately, all ticket orders sent by Fineline will be accompanied with official Burlington coat Factory approved ticket attachments. Consult the Ticket Guide for proper ticket attachment locations

Note: We are currently updating the guide to reflect as many products as possible. Should you have a question about proper location of tickets not listed in the guide, please contact Quality Control at 609.387.7800 ext 3367.

If there are any questions regarding receiving your price tickets, FineLine Barcode Technologies, Inc. at 1.800.500.8687.

Important:

All tickets must be attached with one of the BCF standard ticket attachment shown below:

The circular end of the stem is next to the ticket when applied. The attachments will be sent with your Fineline Orders.

This ticketing requirement minimizes *ticket switching* in the stores and is an essential ingredient with our loss prevention strategy.
